## CIOE on 97.5 FM Coming Soon!

© Paul Carlson \* www.ClipartOf.com/71049

Beaver Bank Kinsac and area residents are only weeks away from having their own dedicated community radio voice as CIOE-FM prepares to launch its long awaited local programming service on frequency 97.5.

After nearly three years, Jim Robson, Chairman of Cobequid Radio Society, advises that the CRTC has licensed CIOE-FM and has allocated the 97.5 frequency which will enable the not-for-profit community radio station to fulfill its mandate to provide a full broadcasting service to residents throughout the entire Cobequid Region.

"My colleagues and I have been working diligently these past months to establish our exciting new facilities and broadcast studios which are located at 11

Glendale Avenue, Unit 3, in Lower Sackville," noted Robson.

The station's central location provides easy access for residents from every part of the Cobequid Region. CIOE is owned, operated and managed by the community and as such, residents are encouraged to drop by and visit.

As a non-profit entity, CIOE's entire operation is volunteer driven which means the station is looking for volunteers who want to become actively involved. Any Beaver Bank Kinsac residents interested in volunteering at CIOE should email [jimrrobson@live.ca](mailto:jimrrobson@live.ca) or contact Rae Marlborough, the Beaver Bank Kinsac representative on the Cobequid Radio Society's Board of Directors, which is the parent organization of CIOE-FM.

CIOE will have a profoundly beneficial

impact on Beaver Bank Kinsac and the nearly 30 local communities within its coverage contours. The station will operate 24/7 and will provide 90 hours of music based programming and 36 hours of locally relevant, community driven spoken word programming each week.

"Our eclectic music mix will reach out to the Cobequid Region's broad demographic spectrum and provide a blending of East Coast, Classic Country, Easy Listening Classics, Celtic, Blues, Acadian, Folk, Bluegrass, Fiddle, Rock A Billy, Gospel, Multicultural, Military and Newfoundland, among other musical genres," explained Robson.

With respect to spoken word programming, CIOE, through its team of dedicated community volunteers, will cover the news, events and activities of each Cobequid community on a daily basis. The station will inform, entertain and

## CIOE on 97.5 FM Coming Soon (cont'd)

educate its listeners, reflect the uniqueness of each community, and foster greater understanding and awareness among neighboring communities by giving the various community groups a radio voice.

Beyond the many benefits accruing to area listeners, CIOE will also greatly assist the business communities throughout the Cobequid Region by providing small business owners with affordable, cost efficient advertising rates, thus enabling them to better reach and serve their local customer base.

CIOE-FM will also champion the cause of local talent by providing both new and emerging artists and established performers with on-air exposure of their music as well as profiling them as individuals. The most valuable service that any broadcaster can render talent is to showcase their work over the air which is precisely what CIOE-FM on 97.5 will do.

While this article for the Beaver Bank Kinsac Bulletin barely scratches the surface of the many exciting things in store for listeners when CIOE goes to air early in the New Year .... Mr. Robson invites

any residents wanting more information to contact him at the above noted email address, or visit our fabulous new website which is in its final stages of design.

On behalf of the Board of Directors of Cobequid Radio Society, I want to wish all Beaver Bank Kinsac residents a very Merry Christmas and Happy New Year .... And remember, when you think radio, tune to CIOE-FM on 97.5, your local community radio voice dedicated to bringing you the Daily Pulse of your community.

## Wind Turbines arrive in Beaver Bank!

This photo courtesy of Jenny Gillis

The first of four wind turbines has been erected in North Beaver Bank. It stands approximately 100m tall and can be seen from the airport! Once they are ready for operation these turbines are expected to generate enough energy for 2700 homes annually. Pictured above left: Extra wide loads made their way through Beaver Bank bringing the new wind turbines piece by piece. Pictured above right (from left to right): Daniel Roscoe, Chief Operating Officer at Scotian Wind Inc., Gay Harley, Manager of Community Relations (Scotian Wind Inc.) and Victor Cobb, Chairman of the Beaver Bank Community Awareness Association on the site where the wind turbines are being installed.

## Christmas in Beaver Bank

The Ninth Annual Beaver Bank Kinsac Parade of Lights was a huge success again this year. There were approximately twenty-five beautifully decorated floats with sparkling Christmas lights to entertain all the parade goers. As always, Santa and Mrs. Claus were the biggest hits of the parade!

On behalf of the BBK Lions Club, I would like to extend a special "Thank You" to the Beaver Bank Kinsac Keeners, The Beaver Bank Kinsac Fire Department, Lil Aalders, HTB Junior High School Band and the BBKCC.

Hope to see you all next year as we will celebrate the Tenth Annual Parade of Lights!

Happy Holidays!!

## Getting ready for the parade

2nd Beaver Bank B Colony float, just waiting on our Beavers and leaders arriving. A really big thank you from 2nd Beaver Bank Scouting, to the great team of organisers of the Parade of Lights.

It took Leaders and Beavers hours of pure enjoyment to get the B Colony Beavers' float looking the way it does,

Just perfect!

The smiles on their faces is what it's all about! Pictured are Julen Loureiro (left) and Andrew McCarthy (right).

## Beaver Bank Kinsac Community Centre Update

Ian Stewart put on a great Hypnotist show at the BBKCC on Nov 22 for a crowd of about 80 people! A great time was had by all and lots of laughs during the evening.

Thanks to all who joined us at the centre during and after the Parade of lights and to the organizers for making such an event possible, from floats to hot chocolate, it couldn't happen without volunteers. It was a great way to get in the holiday spirit and we were delighted to have Santa himself join us at the centre following the parade. The Efficiency Nova Scotia Holiday light exchange was another great success - thanks to all who participated and we hope to see you next year!

This was our biggest Breakfast with Santa yet! We sold 498

tickets and served breakfast to about 530 after volunteers! Thank you to all who made it out to support the event, enjoy some breakfast, and, get their picture taken with Santa! An extra special thank you to the volunteers who make this event possible and successful every year - you are simply the best! See you in March when the Easter Bunny arrives!!!

Remember we have some great Rec programs going on at BBK Elementary including:

- **Women's Volleyball** on Monday nights from 6-8pm - \$2 drop in fee
- **Men's Basketball** on Thurs nights from 6-8pm - \$2 drop in fee
- **Kid's Floor hockey** on Friday nights from 6-7pm - \$2 drop in fee (ages 6-12)

**\*\*Note** there are no programs on any day there is no school due to in-service, weather or, otherwise.

**Adult Zumba** on Tuesday and Thursday nights at the Community Centre from 7-8pm - \$6 drop in fee (talk to instructor Patricia Gaetz for punch cards and other deals!) All events and program updates are online at [bbkcc.ca](http://bbkcc.ca) or follow us on Facebook at [Facebook.com/bbkcommunitycentre](https://www.facebook.com/bbkcommunitycentre) for updates!

We also have lots of great spaces for all your rental needs!! Give us a call at 902-865-5114 if you are planning an event - we would be happy to help!!

## News from Station 48

Since my last article your Fire Dept. has responded to 11 calls. They consisted of: 1 power pole fire, 1 brush fire, 1 CO detector, 1 illegal burn, 1 medical assist, 2 structure fires, and 4 alarms activated. This brings our total for the year to 100. Fire calls are way down over the past couple months so I am glad to see people are being fire safe.

I hope everyone had a great Christmas and are having a happy New Year. With winter comes the use of wood burning appliances to keep our homes warm and cozy. Hopefully you were able to get your wood early giving it plenty of time to dry. If you are burning wood that is not seasoned properly you may be causing additional creosote in your chimney that may not be there with good dry wood. In either case you need to keep a watchful eye on the creosote buildup in your chimney and clean it on a regular basis.

If you have been looking at that big pile of brush in the backyard wondering when would be a good

time to burn it this is the time. With the cold and wet conditions of winter it is the ideal time to get outside and burn the unwanted brush from around your property. Please make sure you check the regulations to ensure you can burn in your area and that you have the proper clearances.

With winter driving comes winter breakdowns and emergencies that can leave you stranded for extended periods of time in your vehicle. Everyone should carry a winter emergency kit in their car especially if you travel at night or travel in remote areas. Items like candles, energy bars, water and blankets can help you survive in your car if you are stranded for extended periods of time.

With the shorter days we do a lot of driving in the dark and one of the things I notice is how many people now have the reflective blue civic signs at the bottom of their driveways. Unfortunately when I drive around in the daylight I see a lot of homes that do not even have a civic number on their

house or it is in a location that makes it hard to see in the daylight and impossible to see at night. Please drop by the Fire Station on a Tuesday night and we would be happy to set you up with one of the inexpensive reflective blue civic numbers so you can be part of the growing number of people who can easily be found when it matters most.

In closing I want to congratulate two of our new members, Rob Miller and Joel Misson, who graduated from their firefighter training course on December 18<sup>th</sup>. This is a major accomplishment taking many weeks of personal time to complete. Congratulations Rob and Joel the residents of Beaver Bank Kinsac are now safer having two more trained firefighters in our community who are ready to respond when the call for help comes in.

Goodbye for now, drive safe and I will talk to you all in the spring.

Happy New Year to you and your family and best wishes for good health and happiness for 2015.

### Halifax Aerotech Waste Water Treatment Plant to get \$21M Upgrade

Taxpayers will spend \$21 million to upgrade the Halifax Aerotech waste water treatment plant by 2016. Ottawa, Nova Scotia and Halifax will share costs equally. The project will expand the plant's capacity and meet new federal waste water regulations. The Aerotech plant will be able to accommodate future development at Stanfield Airport and the Aerotech Park. The upgrade will position Stanfield to take advantage of a new Canada-European Union Free Trade Agreement. Halifax Mayor Mike Savage says the project was one of the city's highest priorities under the Build Canada Infrastructure program. "Expansion has been on hold until we could upgrade the facility," Savage said at Monday's announcement.

### Program to Help Nova Scotians take their Business to the next level

Nova Scotian businesses now have access to training to take advantage of major projects. Businesses can take a customized workplace education program

where they will build skills and knowledge needed to land contracts in major projects, like shipbuilding, the Maritime Link and offshore oil exploration. Topics include pricing for profit, budgeting and financial management, as well as sales and negotiation training to bid on, and win, jobs. Those interested in taking or offering the training, can call Workplace Education Initiatives at 1-866-562-0100.

### Hundreds Offer Input to Help Shape Sexual Violence Strategy Plan

Over 800 Nova Scotians shared their perspectives to help shape an action plan for the province's first sexual violence strategy. Community Services Minister Joanne Bernard says she is committed to continuing to talk with the community to develop a province wide response. The goal is for victims and survivors, and their families, to get the help they need and ensure society works to prevent sexual violence.

### Emergency Preparedness Fact Sheet

Emergency officials work to ensure the readiness of our communities, municipalities and province in an emergency event. However, individuals also have a responsibility to ensure their own

safety and that of their family.

Being prepared means:

- Knowing the risks,
- Preparing a plan, and
- Getting a kit

#### **Knowing the risks**

Being aware of the potential risks we face in Nova Scotia can help individuals be better prepared should an emergency occur. People may find it helpful to make a list of these risks and think about how these might affect them and their family.

#### **Preparing a plan**

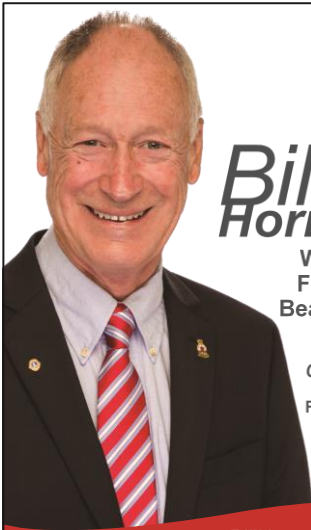

Everyone needs an emergency plan. It will help them to know what to do if an emergency should occur.

#### **Getting a kit**

Being prepared for an emergency also means having the necessary supplies on hand. When preparing an emergency kit individuals should consider specific needs and requirements such as baby formula or medications. To find out more about how individuals can be better prepared for emergencies, visit [www.gov.ns.ca/emo](http://www.gov.ns.ca/emo).

### Family Home Fire in Beaver Bank

On January 2<sup>nd</sup>, 2015, a Beaver Bank family lost their home and some pets due to a fire. The Turner Family Home Fire Relief has been established to help them raise funds to get them through this difficult time. ## News and Views

### Happy New Year

On behalf of my wife Andrea, my family, and my staff, I wish you the very best in 2015.

### \$1.1 Billion Dollars in “Lapsed Funds” at Veterans Affairs

Figures show that the government returned over \$1.1 billion in funds allocated by Parliament for veterans' benefits and services since 2006. On an annual basis, the Department of Veterans Affairs returned this unused money as these funds “were not demanded.” I find it unconscionable that this government has not used these allocated funds when so many veterans and their families are in need of improved benefits.”

I have called on Minister Fantino to explain why he has never delivered this assistance to veterans and their families even though Parliament has approved the expenditure of this money.

This has been a ‘decade of darkness’ for veterans under this Conservative government. Over 900 jobs at Veterans Affairs Canada have been cut since 2009, nine district offices across the country have been closed, and the Auditor General recently released a report critical of the federal government's delivery of mental health programs for veterans. At the same time, this government has paid generous bonuses to senior level managers at VAC and consistently ‘lapsed’ spending in two main spending categories - health care and disability and death compensation for veterans and their families. Is it not ironic that after years of deep cuts to Veterans Affairs that they are now rehiring front line staff? Veterans and their families need better programs and services. I call on the federal government to step up and implement much needed improvements to veterans' programs and services.

### Omnibus Budget Bill

The government introduced another **omnibus budget bill** this fall. The 450-page bill introduced countless measures unrelated to the budget itself. With these omnibus budget bills, Members of Parliament must vote on thousands of items that affect programs and services as well as items for government expenditure. We continue to ask the federal government to introduce stand-alone bills that can be debated and scrutinized properly.

### Protect the Sambro Lighthouse

held a press conference in November with members of the Nova Scotia Lighthouse Preservation Society, the Sambro Island Lighthouse Heritage Society, several veterans, and my colleague MP Megan Leslie. We want the federal government to assume ownership of the historic Sambro Island lighthouse in cooperation with Parks Canada and a partner community group. We are also asking the federal government to provide some financial support to community groups to help maintain and support these historic structures.

The Sambro Island lighthouse is an important part of our history, our story, and our heritage. To many veterans going to war, the Sambro Island lighthouse was the last light these veterans saw leaving Canada and the first they saw upon their return. The Sambro light also

greeted thousands of immigrants on their arrival to Canada. It would be a shame if Ottawa does not protect this very significant lighthouse.

Megan Leslie has tabled a bill in the House of Commons (Bill C-588) to protect the historic Nova Scotia lighthouse and gathered over 5,000 signatures on a petition.

The local community is supportive of this initiative and wants the federal government to designate the Sambro Island Lighthouse as a heritage lighthouse. Ottawa must play a role to ensure the long term preservation of this important lighthouse.”

### Provincial Heating Assistance Program

Service Nova Scotia is once again administering a \$200 rebate under the Heating Assistance Rebate Program (HARP) for low-income Nova Scotians. To qualify, you must be able to prove you pay for heat and meet the single income threshold of \$27,000 net or combined income of \$42,000 net. You must apply for the heating assistance rebate by March 31, 2015. You can find the application form online, at a Service or Access Nova Scotia office or by calling 1-800-670-4357.

## Remembrance Day

After a day of heavy rains the sun came out this year for our Remembrance Day ceremony in Beaver Bank. It was a record turn out with both young and old coming together to remember our veterans.

The ceremony began with the 3036 Army Cadets leading the march to the Cenotaph from Kinsac School. Master of Ceremonies, Lisa Blackburn, welcomed everyone to the ceremony and the Beaver Bank Kinsac Elementary School Choir sang our National Anthem. The Reverend Mike Zottarelli led us in prayer and Chief Petty Officer Ron Rideout then recited "In Flanders Fields".

The first wreath was laid by Joanne Pasha on behalf of Walter Lively, one of the founders of our Cenotaph. Wreaths were then laid by Ron Moakler, representing the Government of Canada; MLA's Bill Horne and Stephen Gough representing our provincial

government; and Councillor Brad Johns representing our municipal government. Wreaths were then laid in memory of loved ones by Judy Barkhouse and Lisa Mitton, Grayson and Saxon Peters, Sharon Brisson, Kathleen Shunamon, Luke Bowden, Fred Gallop, Caroline Gallup, Robert Doherty, Joanne Pasha, Molly Kirk, Kelly and Danny Potter, Sandra Tanner, Jim and Angela Cullen, and Melody Gilby. The following community groups, organizations and Church groups also laid wreaths: 2<sup>nd</sup> Beaver Bank Scouting B Colony, 2<sup>nd</sup> Beaver Bank A Colony, 8<sup>th</sup> Sackville Beavers, 8<sup>th</sup> Sackville Cub Pack, 4<sup>th</sup> Sackville Scouting, 2<sup>nd</sup> Beaver Bank Scouting, 2<sup>nd</sup> Beaver Bank C Pack, the Beaver Bank Kinsac Community Centre, the Lion's Club, the Kinsmen Club of Sackville, the Army Cadets, the Beaver Bank Kinsac Volunteer Fire Department, the Beaver Bank RCMP Community Policing Office Volunteers, the Lower Sackville RCMP, and St. John's United Church.

The BBK School Choir then sang "Child of Peace". The ceremony ended with the playing of the last post followed by a moment of silence.

Thank you to Ron Chaulk for planning the service, Lisa Blackburn for hosting the ceremony, Councillor Brad Johns for providing the sound system, Reverend Zottarelli, the BBK School Choir, the 3036 Army Cadets and the Beaver Bank Kinsac Community Centre.

-Keillie Samson

## BBKSA (50+ Keeners Report)

The Keeners were honoured during our Second Annual Christmas Social to have long time Beaver Bank residents, Edith & Delphis Roy join us. This gathering was held for the membership and guests on December 11<sup>th</sup> at the BBK Community Centre.

Life long friend, Florence Margeson, fondly remembers when the families first met when their sons started primary with Mrs. Jack.

Edith & Delphis were pillars of the Beaver Bank community for over 50 years until their move to Bedford 7 years ago. Edith worked extensively with Knox United Church during her time in Beaver Bank. Edith was District Commissioner of the Girl Guides and did many camps and is still an active Trefoil member. Life long friend Rae Marlborough, who was instrumental in organizing the Social, tells us that Edith was awarded the Girl Guides of Canada 50 year service pin. Rae further tells us that Edith is a superb bridge player.

Delphis was involved with the Awareness Association and still comes to Beaver Bank once a week to volunteer with the Community Policing office.

Both Edith & Delphis have a love of music. Edith taught piano lessons to numerous young people. Delphis enjoys singing and belongs to the Millstream Chorus.

Edith & Delphis are perfect examples of the Keeners Infinity Symbol:

- Infinite knowledge through life-long learning
- Infinite energy through an active lifestyle
- Infinite love of life through camaraderie and participation in the community

Edith & Delphis you are truly role models to young and not so young alike.

We love **new members** and would be happy to have you join us. Membership Dues are still only \$10.00 for 2015. For further information visit us on Thursdays between 10:00 am and 2:00pm during our Drop In at the Community Centre or visit [www.bbkcc.ca](http://www.bbkcc.ca)

We would like to take this opportunity to thank the Board of the Beaver Bank Kinsac Community Centre for providing us with a venue to host our many activities. At the Breakfast with Santa with the assistance of our members we sponsored a very successful bake sale.

We wish everyone a **happy and healthy New Year** and thank our members very much for their dedication and commitment. We are truly blessed with wonderful members that go beyond their own interests for the good of our Community.
