## Beaver Bank in Bid for Tulip Garden

The Beaver Bank Kinsac Senior's Association has been provided an opportunity to win one of 140 tulip gardens containing 700 tulips, which will be awarded across Canada, in honour of the 70<sup>th</sup> Anniversary of the Liberation of the Netherlands and the Dutch gift of tulips.

The Canadian Garden Council is organizing this special project in which Vessy's Bulbs of PEI will donate the tulips and Canada Post will ship them for free.

The application for the 70<sup>th</sup> Anniversary Dutch-Canadian Friendship Garden has been submitted and we eagerly await the decision. Here is the information provided in answer to the contest question:

**Why do you feel your community should receive a 70<sup>th</sup> Anniversary Dutch-Canadian Friendship Tulip Garden? 200 words**

*"We believe the community of Beaver Bank – Kinsac would be an ideal location for celebrating the 70<sup>th</sup> Anniversary Dutch-Canadian Friendship Garden as we live together with nature in a rural community 30 km outside the city of Halifax. It is a beautiful area where trees and lakes are interspersed with homes to approximately 7,000 residents.*

*Our community would be delighted and honoured to have the opportunity to*

celebrate the 70<sup>th</sup> Anniversary of Dutch-Canadian Friendship by planting 700 tulips in our Beaver Bank Country Gardens.

It is important that Canadians across the nation become aware of the history behind the reason Holland sends Canada tulip bulbs each year.

Princess Juliana of the Netherlands presented Ottawa with 100,000 tulip bulbs as a token of friendship. Canada had provided asylum for the Dutch royal family during the Second

World War. Canada played a strong role in the Netherlands' liberation.

This would be a great opportunity to educate our community on the connection between Holland and Canada. We further think this would be a tribute to Peter Stoffer, our MP. The garden would be a history lesson in action.

The Beaver Bank Kinsac Community Centre, across from Beaver Bank Country Gardens

would be an ideal venue for the Planting Celebration in the fall of fall of 2015 and the Bloom Celebration in the spring of 2016."

Based on applications submitted, a review committee will select 140 recipients – ensuring that the 70th Anniversary Dutch-Canadian Friendship Tulip Gardens find themselves across the nation.

-Ann Benson

## Update from Station 48 "50 Years of 24/7"

Your fire department continues to be busy training and responding to calls within our community. Since the last update, we have responded to 18 calls; 5 medical assists, 1 motor vehicle accident, 3 alarms activated, 1 rescue, 1 smoke investigation, 3 illegal burns, 1 vehicle fire, and 3 structure fires. The total number of calls so far for the year is 79 responses.

The new school year has started up again with many children returning to our local area schools. A friendly reminder to all drivers about the School Zone speed limits when children are present or at school, please use caution when driving in the areas.

As school begins, the fire department would like to once again

remind all drivers that the parking lot at the fire hall is not a shortcut. There have been a few near misses with private vehicles speeding through the fire department parking lot, especially in the morning when kids are being dropped off for school. The parking lot entrance is only accessed from Kinsac Road. Only the fire trucks pass through the lot in order to safely access the bay doors and their assigned parking spaces. For the safety of the public, the volunteer firefighters and all drivers please do not drive through the parking lot and respect the posted signage.

We are slowly moving in to the time period when we start to see tropical storms and hurricanes heading our way. Are you prepared to be self-

sufficient for 72 hours? For those who have one, have you checked and serviced your generator? Have you prepared your Emergency Kit? The Emergency Management Office (EMO) for the province of Nova Scotia has many tips and tricks for being ready for natural emergencies. Check out the website:

<http://novascotia.ca/dma/emo/> for help in being prepared for what Mother Nature decides to throw our way.

In closing, your local fire department wishes everyone a safe and productive end of summer.

Until next time – stay and play safe.

*-Kevin Crewe – Station Chief*

## Beaver Bank Gets Second Digital Sign

A new digital sign is coming to the Beaver Bank Kinsac Community Centre replacing the old lettered sign that stands in front of the facility.

The board of the BBKCC has been working with the city and volunteer Fire Station 48 on the change for several months now.

The current sign structure will remain standing, but the new sign will be a digital panel inside the existing sign.

A digital sign will allow the centre to change its messaging via computer. There will be no more climbing a ladder to change the letters.

Board chair Lisa Paterson says the new sign will be much safer.

"Right now we have to get volunteers to climb up eight or ten feet and juggle letters and put them up. Not great when you have to do it in the middle of winter," she said.

The city of Halifax has been working with the centre and it's hoped HRM can cover most of, if not all, the costs.

The digital panel should be functioning by fall.

*-Lisa Paterson*

### Government Seeks Input on Continuing Care Plan

Government wants to hear from Nova Scotians about its plan for long-term and home care.

Continuing Care – A Path to 2017, was released by the province and the document outlines a path forward for long-term care, home care and related services. It also recommends areas for ongoing focus and improvement based on a targeted evaluation of the original continuing care strategy released in 2006.

The province's continuing care budget grew by 71 per cent between 2006 and 2015 and Nova Scotia now spends \$808 million a year on these services.

The document, which will guide provincial planning until a new strategy is released in 2017, highlights 20 proposed directions, including:

- refine the placement policy to ensure clients with the highest needs are prioritized
- implement performance-based contracts for long-term care and home-care providers to help create a more accountable and sustainable system
- explore opportunities for clients to receive funding directly to purchase services to meet their care needs
- examine user-fee structures.

Continuing Care – A Path to 2017, and continuing care strategy evaluation documents are available at

[www.novascotia.ca/dhw/continuingcarerefresh](http://www.novascotia.ca/dhw/continuingcarerefresh) . Feedback will be accepted until Sept. 11. A five-year

continuing care strategy is set for release in 2017.

### Changes Coming to Sunday Hunting Rules

The Department of Natural Resources is lifting the ban on Sunday hunting for the first two Sundays of general deer hunting season. The change will apply to all wildlife in season on those dates except moose.

In 2015, Sunday hunting will be allowed Nov. 1 and 8.

"Nova Scotia's natural resources are here for everyone to enjoy and use in a sustainable manner," said Natural Resources Minister Zach Churchill. "After a public consultation and discussions with stakeholders about a range of options, I wanted to find a balance on this issue that would take everyone's positions into account. Allowing hunting on the first two Sundays of general hunting season achieves this balance."

Amendments to the Wildlife Act regulations will also clarify the distance hunters need to stay back from Christmas tree and agricultural operations. Amendments will also make it easier for hunters to help farmers deal with nuisance wildlife.

Public safety was an important consideration in the decision. Hunting accidents are rare in Nova Scotia and almost never involve non-hunters. There will be an awareness campaign closer to hunting season to help ensure Nova Scotians know about the Sunday hunting change.

Landowner rights was an area of interest during consultations.

Hunters are strongly urged to respect landowners' wishes about hunting on private property.

### Premier Puts Enforcement of Child Support Orders on National Agenda

Provinces and territories will work together to trace and locate parents who are not paying court-ordered child support.

Premier Stephen McNeil and B.C. Premier Christy Clark will work with justice ministers across Canada to explore ways of strengthening the maintenance enforcement system and to improve the rate of collection of payments awarded to families by the courts. Information-sharing arrangements exist nationally, but it can still be challenging to locate someone who moves to another province or territory.

Cases are more likely to be in arrears when the parent ordered to provide child support lives in a different province or territory than the parent caring for the child. Premier McNeil says when the courts determine that one parent owes child support, they should be expected to pay it, regardless of where they live.

Nova Scotia is taking steps to improve the maintenance enforcement program provincially. The province's 20-year-old program is under review, and the results and measures to improve the program will be released later this summer.

## Trip to Ecuador a Life Changing Experience

I would like to take this opportunity and thank everyone who helped, and supported me on reaching my goal to get to Ecuador with *Me to We* and *Free the Children*. This was an eye-opening, and life changing experience.

While there, we were able to finish our assigned project, which was building four walls of a small cafeteria in a community called Shuid. We also got to meet many of the community members and learn about their day to day routines.

## Outdoor Movie Night held at the Lion's Club

Every year, the Lions Club hosts a Free Kids Movie Night for families in our community. Free hotdogs, corn on the cob, refreshments, freezes and popcorn were served. The movie "HOME" played on the outdoor screen, ending with fireworks on a beautiful summer's night. Approximately 140 people came to our movie night.

During the year, our club collects "Coins for Kids" from our members as well as guests. All money collected goes toward providing free events for children in our community. The movie night is one; the Family Fun Day in June, and Easter Egg Hunt and some years we have done a skating party.
