December

2010

Issue # 98

*The Voice of the Beaver Bank Community Awareness Association*

## *The Bulletin is now on FaceBook!*

The Beaver Bank Kinsac Bulletin now has a page on FaceBook, we hope all the Beaver Bankers (and Kinsacians) will like our page. The goal is to post all the events happening between Bulletins, reminders of upcoming events, things that are happening on short notice and security notices, should it be required. We also have the ability to post many more photos, and will post any historical ones that people would like to share. Just search for "Beaver Bank Kinsac Bulletin" when you are logged in to your account. Thanks to Victor Cobb for creating the BBK Believes logo.

*-Dorothy Selig*

Beaver Bank/Fall River and Sackville Citizens On Patrol participated in a Crimestoppers checkpoint and door-to-door campaign at the Woodbine Trailer Park reminding the community of the importance of reporting crime to police or anonymously through Crimestoppers. The checkpoint was very successful with over 800 contacts made. Please check the Community Policing Website for up to date information at [www.rcmp.beaverbank.ca](http://www.rcmp.beaverbank.ca).

## Security Alert

It has come to my attention that there have been several break-ins in the area. The perpetrators are checking for security, knocking on the door and if no one answers, kicking the door in. If someone answers they ask for a fake name. In one case the homeowner was only gone an hour. If you have any suspicions at all, see a vehicle at a home where it doesn't belong, call the RCMP, take license plate numbers, take pictures if safe, look out for your neighbours. Thank You.

## **Have a Safe & Happy Christmas From the BBKVFD**

For the months of September and October your Fire Dept. has responded to 25 calls. They consisted of: 1 CO detector investigation, 1 fluids leaking, 1 illegal burn, 2 trees on wires, 2 MVA, 3 mutual aid structure fires, 5 alarms activated, and 10 medical assists. This brings our total calls for the year to 143. While it is nice to see the number of medical calls has dropped from our last report, the number of false alarms are up.

Now that the time has changed it is getting dark earlier and most people are driving home from work at dusk or in the dark, so we need to take extra care when looking out for kids playing or riding their bikes. Also if you are leaving work at dusk make sure you have your headlights on and that you are not driving with just your daytime running lights on, as your taillights may not be lit. You need to be seen from the rear as well as from the front.

If you use a woodstove or fireplace you need to use caution when cleaning out your ashes. Disposing of your ashes in a plastic grocery bag or other flammable container can be dangerous. Small embers in your woodstove can stay hot for days causing enough heat to ignite at anytime. Always use a metal container for your ashes and never place an ash can on a wooden deck or close to your home.

The colder weather is upon us and we will soon be dealing with winter driving so remember to slow down and drive defensively. Remember we can have black ice anytime the temperature is around the freezing mark. Also it is time to get those snow tires on your car if you haven't already. Snow tires will give the winter traction needed to keep you and your family safe.

Be careful putting up those Christmas lights. Make sure your ladder is secure and never over reach when working from a ladder. Replace any sets of lights that have frayed cords with a new set of lights. Don't overload extension cords or burn candles near your Christmas tree.

And finally I want to wish everyone a Merry Christmas and a safe and Happy New Year.

*-Chief Tim Keddy*

## **Lions Sell Tickets on Swedish Blanket**

The Beaver Bank Kinsac Lions Club would like to thank all those who gave so generously at our road toll, all of this money will be going back into the community.

We have tickets on sale until Dec 16th for a beautiful hand made Swedish embroidered blanket and quilt rack with a second prize of dinner and movie for 4. These tickets can be purchased from any Lion or from Hartlen's Esso store on the Beaver Bank Rd. \$2.00 each or 3 for \$5.00. Don't miss out on your chance to win this beautiful prize. We would like to thank Marion Goulding and Brian Pitts who made and donated these prizes. Also Lion Chris Parker for the other prizes.

If you are in need of a walker, cane, crutches, wheelchair, or are looking for any other assistance please call Lion Julie, if she hasn't got what you need, she will be able to put you in contact with someone who can help you, 864-1936. If you have any of these aids you no longer want we would like you to donate them to the club so we can lend them to those in need.

And remember we are always collecting used reading glasses, postage stamps, ripped off the envelope with a small white edge around them. used ink cartridges, and hearing aids that are under 6 years of age. All of these can be dropped off at Hartlen's Esso or you can call a Lion.

## Beaver Bank Community Policing Volunteer Association Celebrates 15 Years!

On November 4th, 2010 the volunteers of Beaver Bank Community Policing Office reached a significant milestone and celebrated 15 years of service to Beaver Bank Kinsac. Over the years, there have been many changes in RCMP Community Policing and through it all, the volunteers have always rallied and continued to serve. 15 years shows a true commitment for the betterment and safety of the community.

The celebration occurred in the Library of Harold T. Barrett School. HTB has graciously provided the temporary location for the Community Policing Office since the fire at the BBK Community Center. The volunteers and invited guests enjoyed a historical look back at contributions and events that the volunteers have been involved in with pictures and documents. There was also an opportunity to view the plans for the new BBKCC and where the new Community Policing Office will be situated in the building.

Attending the event were the volunteers, and other partnering groups and agencies that have been involved with the Community Policing Office over the years. An official cake cutting was done with Ginny Lively, Community Policing Officer Manager and Cst. Dawn Duhart, the newest Community Policing Coordinator for Beaver Bank/Fall River.

A certificate presentation was made by District 2 Councillor Barry Dalrymple on behalf of the Mayor and HRM Council, to Chairman Rick Nursey for the "significant and dedicated service of 15 years to the community." Superintendent Darrell Beaton, Officer in Charge of Halifax District RCMP also presented a Certification of Achievement to the Association for "recognition of 15 years of dedicated service to the community."

A very special thank you to all that attended and celebrated this milestone and congratulations on 15 years of volunteering in the community!

## All the Happenings in HRM

I would like to start this column with a special thank you to all those that organized and put on such wonderful Remembrance Day Ceremonies. Huge turnouts of people, young and old attended the ceremonies in Windsor Jct, Beaver Bank and Waverley and paid tribute to our veterans and serving members and to those that have passed. I want to personally thank Lion Jim Bulger of Beaver Bank and Ladies Auxiliary member Trina Marshall of the Waverley Legion for laying wreaths on behalf of the HRM so I could attend at Windsor Jct. Also, thanks to students & staff at Lockview High School for putting on a very special Service the day before, it was a very touching ceremony and lets all of us know that you fully understand and appreciate the significance of this Day of Remembrance.

Fall is always a busy time of year and this year is no different, some updates in the district are:

Transit plans to cut back on routes on the Beaver Bank Road. Our local Committee has met a number of times and came up with a modified schedule we felt are the minimum runs our community could accept. In early October myself and Committee reps, along with those from Porters Lake and Sambro Loop met with Transit and had a very good exchange in this regard and we presented our proposals so they could be costed out. As of this writing (Nov 12th) these costs and options are on HRM Council's agenda for next weeks meeting where we will ask Council to agree to the proposals that will leave our Transit routes as beneficial to the community as possible. I certainly want to thank all of

you that have signed the petition to save our transit routes and I will be presenting the 1,340 signatures next week.

Beaver Bank Kinsac Community Centre Re-Build. The design work for the new building and grounds is virtually complete and HRM is completing the costing out of the new building and final settlement with the Insurance Company should be this week. There is a funding gap between the costs of the new building and the insurance funds and we will be going to Council very soon with a request for funding assistance from the HRM.

As you know by now we have recently lost another Hall in Beaver Bank due to fire, which was purposely set by an arsonist. Police are investigating to determine those responsible and I am asking if you have any information at all about this that you call the police, crime stoppers or feel free to contact me - there are rewards for information that leads to the arrest of these individuals. As in most situations there is insurance on the building and contents but not enough to re-build the way it was so the Committee of the Brown Hall is starting a fundraising campaign for this purpose and the first item will be an Auction on Dec 11th, Super Bowl in Sackville 7 pm. If you'd like to attend or donate an item please contact me for details, we are in the process of meeting with HRM Planning to see if we can add a bit more room to the kitchen area and possibly add a second bathroom.

A number of area projects have

recently been approved or started, some of them are:

On October 7th we held a Public Meeting in Lost Creek in regards to a request to add a local Area Rate for the subdivision to put towards building a park and playground. I certainly thank the Homeowners Association for organizing this meeting and to our HRM Park & Rec Branch as well as Taxation staff for attending to answer all questions. Survey ballots were sent out to all residents within Lost Creek and in a vote of about 80% in favour, residents indicated they wish to proceed with this rate. The report and matter will now go before HRM Regional Council for a Public Hearing and vote.

On November 8th I was especially pleased to attend the official opening of the new playground and equipment at the Beaver Bank Monarch Elementary School and see the excitement on both the students and their parents faces. Many thanks to principal, teachers and staff, parents group and various funding partners who raised the money to make this happen. I was happy to contribute your tax dollars from my Councillors District Fund to bump up the contribution from HRM Parks & Rec and make this happen so quickly.

The update on the Delaney Drive Park & Playground is that the bike park and now the landscaping are in and complete and the Association has found a local sponsor who will install the basketball court as soon as dry weather returns. The playground equipment is all ordered and expected to arrive soon and will be installed and then this park will be complete, congrats to the local volunteers who have made this happen.

On November 6th the Regional Fire Fighters Interpretive Centre/Museum opened its doors to the public fulfilling a dream of a dedicated group who have been trying to do this for more than a dozen years. This was a special preview peak as the Grand Opening will occur this spring but tours can be arranged by contacting them at [www.rfic.ca](http://www.rfic.ca). Located in the old Station 45 near Sobey's visitors were very pleased to see the old fully restored trucks, gear and history of fire services in the area. I would certainly encourage our local schools to make arrangements for class visits.

There are a few special thanks and acknowledgements from the past month or so that I would like to make:

On November 4th the Beaver Bank Volunteer Community Policing Office celebrated its 15th Anniversary of service to the community. A large RCMP presence along with Fire Chief Keddy and myself presented the group with Certificates of Appreciation and plaques to thank them for the years of service. Even with the loss of the Community Centre last year, which housed their office, the group has maintained their presence and continued on, we all appreciate the principal and staff at HT Barrett School for allowing them the use of the library to keep working.

I have stated many times over the main reason I love this area and its communities is because of the tremendous efforts of our volunteer organizations and also the full support the community gives those organizations and groups, I would like to just point out a few examples of your support in the past two weeks that I have had the privilege of attending:

- a sold out Dinner & Auction at the Oakfield Golf Course to raise funds for their Juniors Youth program.
- a jam packed Halloween Dance at the Waverley Legion with the "Sons of Maxwell"
- the Lockview High School football team Auction held at the Legion which raised over \$15,000, thanks to the Scotiabank for its matching grant.
- the Beaver Bank Kinsac Community Centre Auction held at Angles in Sackville which raised over \$8,000 and there wasn't an empty chair in the place.

It is community and local business support like this that makes this area so special to live in.

Back to some HRM Regional Council happenings and updates, on Nov 10th the HRM's Boundary Review Committee held an open public meeting at the Fall River Rec Centre. As I had told you in previous reports this District is one of the highest in population in the HRM and under current proposal of this review (if accepted) it will become the largest. Our Committee is prepared to present to the NSURB Board that there are very valid "Communities of Interest" reasons to

support this recommendation and I fully support this. This was heavily backed up at the meeting the other night when over 20 residents of Lakeview showed up to send a loud and powerful message that they want to stay part of District 2, a letter from the full Lakeview Homeowners Association was presented also stating the desire to stay as is and I can assure residents that their message will be heard. The proposal I will take to the Committee and on to Council is that the only change to this District should be that the Enfield part of HRM be moved into District One.

I am also on the Energy & Underground Services Committee and was quite excited to receive a presentation from our Sustainable Environment Dept on a suggested HRM pilot project to heat hot water from Solar panels in residential homes. This pilot program recently passed thru the Committee and has been endorsed by HRM Council to proceed to final planning stages, when the final details are worked out the HRM will be looking for approximately 5000 homes to take part, for full details go to HRM website at [www.halifax.ca](http://www.halifax.ca).

Two final reminders, the first one is that winter is right around the corner and everyone by now should have their winter tires on as temperatures are dropping below freezing most nights and slippery patches are probable. Driving habits should be changing as well, motorists need to slow down and anticipate slippery patches - there is never an excuse for being in a hurry. Last one is that the HRM Service line number is 490-4000 and is open 7 days a week from 7 am to 11 pm, if you are looking for a service such as street grading, snow plowing, ditch cleaning please call the service line and operators will take your call and issue you a file number, they will then dispatch your call immediately to the Dept responsible.

*Warmest regards, Barry*

## **New Regional Firefighters Museum & Interpretive Centre Opened**

For a number of years a dedicated group of community members have been building towards having a Regional Firefighters Interpretive Centre & Museum here within the HRM. About a year and a half ago we started a process to have the old Station 45 in Fall River turned back over to the community and to have this Centre hosted in that building. For the past year, while the HRM went through a process to return the building to our community, the volunteers have worked tirelessly inside and outside to get the building and property in great shape and to build shelves, glass cases, bring in old trucks and equipment and more.

I am absolutely thrilled that close to 2 years work has culminated in this building and property rightfully being returned to the ownership of our communities and that it will be put to great use in being a local museum where folks can visit and schools can make trips to etc. While the Grand Opening will not occur till next Spring it was officially opened on Nov 6th and I invite all residents to drop by and say hello, I think you'll be very pleasantly surprised by what you see inside. The building is located at 3214 Old Highway Two (close to Sobeys) and the website can be visited at [www.rfic.ca](http://www.rfic.ca)

## Keeners Soldier On

Despite another setback because of fire at the Brown Hall, the Keeners had a hiccup of only one week between the fire and the resumption of activities. This was thanks to the Lions Club in Sackville, HTB and BBK Schools and Acadia Hall in Sackville.

The five sessions of the "Drum Away the Doldrums" program were great fun and the enthusiastic players intend to practise regularly.

## Lost Creek Plans Park

Plans for a new park in Beaver Bank are moving forward quickly. The Lost Creek Community Association (LCCA) is excited by news that the project could go to tender as early as next spring. Councillor Barry Dalrymple announced that the Lost Creek Park is one of two to be included in HRM's budget for next year. It will include a walking trail and playground area. While there are no guarantees, LCCA volunteers are encouraged that their hard work is paying off.

The group raised close to \$3000 at its first ever bingo and silent auction. Over 50 people showed up to the Church of the Good Shepherd, daubers in hand. It was a fun night for everyone. There were some intense moments as the players neared the final markings on their cards.... the intensity and electricity in the air was contagious throughout the entire hall. Thanks so much to the generous support of Scotiabank in Lower Sackville. Not only did they sponsor the event, but also several employees joined in the bingo games and the clean up after!

But the fundraising isn't over yet. The LCCA will host a comedy night early in the New Year. Please check our website [www.lostcreekpark.com](http://www.lostcreekpark.com) for updates on this event. Although residents voted to support an area rate which will take effect next year, fundraisers are still vital to the success of our project. And besides raising money, these events bring people together and build community spirit. A big thank you to everyone who has either volunteered their time or showed up to support us!

## A Message on Increased Penalties for Impaired Driving from the RCMP

Happy Holidays from the Halifax District RCMP and Cst. Dawn Duhart, your new Community Policing Coordinator for the Beaver Bank/Fall River! I am a 14-year member of the RCMP with service in Reserve Mines Cape Breton, Cole Harbour, Tantallon, Ferryland NL, and Musquodoboit Harbour and am very pleased to have joined the team at the Lower Sackville Office of Halifax District. With over 4 years as the Community Policing Coordinator in Musquodoboit Harbour I have a strong foundation for working with communities and partnering in their respective needs. I have already met and been involved with many great people in the Beaver Bank area and look forward to moving forward as the liaison for this community.

As the holiday season approaches and the gatherings with family and friends begin, the RCMP's wish is for safety on our highways and bi-ways. This starts with us all being responsible when driving in winter weather and not driving when drinking. Effective October 26, 2010 the NS Government put into law more severe penalties for Impaired Driving. With this, anyone who has a blood alcohol level of 50 to 80 mgs (a breath sample that would provide a "warn" on a Roadside Screening Device) will receive an automatic 7, 15 or 30 day suspension and seizure of drivers license. A "new driver" with any detection of liquor will have an immediate 24 hour suspension.

Charges for Impaired Driving, Blood Alcohol in Excess of 80 mgs and Refusal of Breath or Blood Demands will still apply and upon conviction could result in license suspension, significant fines or possible jail time. There is no way to determine whether you are "ok" to drive when drinking alcoholic beverages so always have a designated driver, call a taxi, or spend the night...be responsible!!!

Safe Homes, Safe Communities

Cst. Dawn Duhart

RCMP Community Policing Coordinator

Beaver Bank/Fall River

## **Sackville's Annual Heritage Dinner**

On Oct 6<sup>th</sup>, 2010 the Fultz House Museum presented Sackville's Heritage Dinner at the Sackville Legion. This year's theme was "Celebrating the 100<sup>th</sup> Anniversary of the Canadian Navy". The evening started with a meet and greet, followed by a delicious dinner. Sackville Town Crier Greg Fenwick delivered the official opening. The Master of Ceremonies was Ken Strugnall. Tony Mombourquette provided the entertainment. There were 250 people in attendance. Greetings were received from Premier Darrell Dexter, MLAs Percy Paris, Matt Whynot & Dave Wilson and Councillor Bob Harvey. Those attending enjoyed an interesting and informative talk by guest speaker LCdr Chris Hache about the Canadian Navy's history.

All proceeds went to the Fultz House Restoration Society.

## BBK Elementary

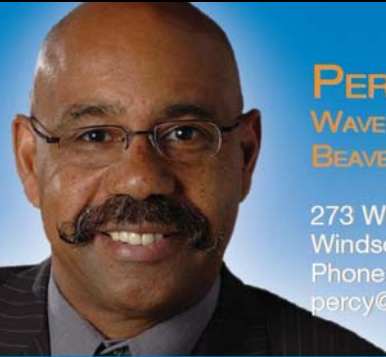

Principal Brendon MacGillivray had his hair coloured for Halloween by students from the two top fundraising classes of the recent Walk-a-thon. Earlier in the month he challenged students to raise \$5000 and they were successful! The students chose orange all around and green on top, like a pumpkin. Thanks to all of the students and their families for their generous support. The students are enjoying a variety of new equipment for playground games.

The parents and students at BBK recently supported the PTA food drive by attending a family dance and donating 300 lbs of food. Well done!

## Beaver Bank Monarch Drive Elementary Playground Opening

Posing on our new play structure from left to right: Jordie Clarke, Carissa Clarke, Ruby Burns, Barry Dalrymple, Bradley Clarke, Jamie Aucoin, Ella Burns and Michael Poworoznyk.

After just over one year of fundraising, the Beaver Bank Monarch Drive Elementary School playground has become a reality. The playground consists of a large Little Tikes structure and outdoor classroom on the lower elementary side of the school, and a curved rope climber for older elementary students. The equipment is already being enthusiastically enjoyed by students during school hours and by the whole community during evenings and weekends.

The official ribbon cutting ceremony was held on Monday, November 8th with special guests, teachers, parents and students in attendance. The ribbon was held by a representative from each class and cut by Percy Paris, MLA and Barry Dalrymple, Councillor. Excited students made the opening event special by singing our school song "Working Together" which was especially suitable for the event.

We would like to sincerely thank all of those who have made this equipment possible. We have a wonderfully supportive school community who helped us to raise \$10,000 through our annual Spring Fair and raffle ticket sales. Thank you to generous local businesses for their support in these endeavours. One of our school parents, Jamie Aucoin, through Rona provided our outdoor classroom materials and construction. This is a unique and wonderful space for students to enjoy learning throughout the year!

The Cobequid Community Health Board, represented at our opening by Michael Poworoznyk and Tammy English provided a \$5,000 grant this past spring. We have also attained significant funding through the Halifax Regional Municipality, the Nova Scotia Department of Health and Recreation and our community councillor, Barry Dalrymple. The logistics were handled by Steve Oakey, HRM park planner who was very helpful in coming up with the playground design and building process.

We thank everyone who made this project possible and invite you to drop by and try out the new playground!

-Suzanne Burns

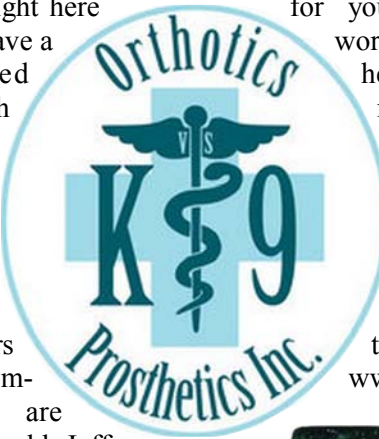

## Business Profile - K-9 Orthotics & Prosthetics

2616 Beaver Bank Rd, Beaver Bank, NS, B4G 1E6, (902) 865-5596

Did you know that right here in Beaver Bank we have a highly specialized manufacturer of high quality custom medical products for animals? K-9 Orthotics & Prosthetic Inc fabricates orthotic leg braces, prosthetic limbs and wheelchairs right here in our community and they are shipped around the world. Jeff Collins is not only pleased and proud to be living and working right here in Beaver Bank, but he is also employing local people. Jeff works directly with your veterinarian to ensure a custom and comfortable fit

for your pet. Although he works primarily with dogs, he has had the opportunity to fit a few cats and even horses, with applications to ease pain and discomfort due to injury, surgery, age or congenital defect. Check out the website at: [www.k-9orthotics.com](http://www.k-9orthotics.com).

## Peter Stoffer Receives Veterans' Affairs Award

### Veterans Update

Congratulations to John Labelle of Lower Sackville and Dennis Manuge of Porters Lake who recently received the Commendation Award from Colonel (Ret'd) Patrick Stogran, Canada's Ombudsman for Veterans' Affairs, in recognition of their work and advocacy for veterans. I was also pleased to receive the same Commendation Award that evening. In conversation with John and Dennis, we noted that out of the four award recipients, three of us were from the federal riding of Sackville-Eastern Shore. Colonel (Ret'd) Stogran was not re-appointed for a second term as the Ombudsman for Veterans Affairs despite many calls for a second term. I wish Colonel Stogran all the best in his future endeavours. I also congratulate Mr. Guy Parent who was appointed the new Veterans Ombudsman on November 12<sup>th</sup>.

I was pleased that the House of Commons held a 'take-note' debate on veterans' issues in the House of Commons on November 2<sup>nd</sup>. I pushed for this debate in recognition of the very serious issues facing veterans and their families and to ask for an inquiry into the practices of the Department of Veterans Affairs. I also introduced a new bill (C-592) to allow modern day CF veterans' access to veterans' hospitals and departmental long-term care beds.

### All the Best for the Holiday Season

On behalf of my wife Andrea, my family, and my staff, I wish you the very best for the holiday season and in the New Year.

As always, please contact me regarding any of your concerns or comments. I can be reached at 861-2311 or toll free at 1-888-701-5557.
