Update from Station 48 - Where did summer go?

Update from Station 48 – Merry Christmas Everyone & Here Comes 2018

Season's Greetings on behalf of the volunteer men and women of the Beaver Bank – Kinsac Volunteer Fire Department. 2017 seems to be flying by and before you know it we will be in 2018. Where did the time go?

The Beaver Bank – Kinsac Volunteer Fire Department continues to keep busy responding to emergency calls, training on Tuesday nights, and getting out visiting within our beautiful community. During Fire Prevention Week the members of the fire department visited the local elementary school and daycares to spread the important message of fire safety, fire prevention, and tips on being prepared in the event of an emergency. As well, we were honoured to take part in the Remembrance Day service at the cenotaph.

The call outs for emergency responses continue to keep us busy. Your fire department has responded to 27 pages for assistance since the last edition of the bulletin. We have responded to 17 medical assists, 5 alarm activations, 1 structure fire (mutual aid), 2 motor vehicle accidents, 1 special service call, and 1 investigation call. This brings our total number of

call outs for the year to 134.

The Beaver Bank Awareness Association continues to work with the fire department in order to provide free civic signs to residents to help first responders find you in the time of an emergency. We started with 100 free civic signs available (with plenty still available) for people who request a civic sign. With the assistance of the BBCAA, the fee has been waived for the first 100. We encourage anyone who lives in Beaver Bank who does not have a one of these high visibility civic signs to drop by and take advantage of this wonderful opportunity.

As it is December, winter and the Christmas holidays are fast closing upon us, the members of the fire department would like to pass on some safety tips to keep in the back of your mind as the snow begins to fly and the holiday cheer begins to spread.

If you are putting up a tree and other decorations in your home, make sure the decorations are safe, in good condition, and meant for the application it is intended. In particular, decorative light strings should be checked for worn wires, damaged cords, or damaged bulbs. Many people love the smell of a real tree in their home over the holidays. Please keep the base of the tree well-

watered to prevent the tree from drying out too fast so it does not become more susceptible to catching fire. When decorating the outside of your home, use the appropriate decorations approved for exterior use. Once again, inspect everything to make sure there is no damage or an item that may pose a hazard when exposed to the weather elements. If using a ladder to hang the decorations, do a good size up of the task, area, and the equipment to be used. Ensure the ladder is in good shape and confirm there are no overhead hazards that could surprise you.

Of course, many people will be making the rounds visiting and catching up on old times. If you plan to have a few social refreshments, please don't drink and drive. Have a designated driver, take a cab home, stay the night, or enjoy a brisk walk and leave the car at home. As it is winter, snow and ice will collect on the roads and on your vehicle. Please clean the snow off your vehicle (including the vehicle top) so that you have an unobstructed view around you. Drive for the conditions you are experiencing on the road; give yourself a little more distance between you and the car in front in case of a sudden stop on icy roads, and give yourself a little extra time getting to your destination. We want everyone to get safely

home to enjoy the company of family and loved ones.

As the days on the calendar continue to pass by, a new year is quickly approaching. On behalf of the volunteers that make up your fire department, I want to thank

the community we serve for supporting your local fire department and its members; together our community grows stronger. Until next time – stay and play safe. Kevin Crewe – Station Chief

Beaver Bank Community Information Hub - Now open!

The Shredathon on September 28th was very successful and cash and food donations were later taken to Beacon House. As a consequence two further shredding events have been booked for May 5th and September 8th, 2018. We wish to thank Iron Mountain Shredding Company for providing the service as well as the Hub volunteers and the residents who chose to participate.

We will also be collecting

regularly for Beacon House food bank.

The Civic Sign free to Beaver Bank Residents campaign is underway and the Information Hub volunteers are working with the Fire Department by making calls to advise when individual signs are ready to be picked up.

We are currently working with Fultz House by scanning photos and text for the history of Beaver Bank online Virtual Museum.

Hours of operation
Monday 9.30 – noon
Tuesday - closed
Wednesday 1:30 – 3:00 pm
Thursday 1.30 – 3:30 pm
5 – 8pm
Friday 1.30 - 3:30 pm

Note: Bill Horne MLA will be in our office on every second Monday afternoon and Lisa Blackburn, will be in our office at 2pm on the first Friday of the month

A message from Darrell Samson

Dear friends,

While December can be the busiest time of the year, it is also a time to spend with family and loved ones, practice our generosity and goodwill to others and take the time to reflect ahead of a new year. This November I was proud to pause and observe Remembrance Day with the people of Eastern Passage. It was a beautiful ceremony and I know the residents of our communities gathered all across the riding to attend similar ceremonies in honor of our Veterans. On behalf of myself, my family and the residents of Sackville-Preston-Chezzetcook, thank you to the men and women of the Canadian Armed Forces for your service.

You may be surprised to learn that Nova Scotia has the highest number of Veterans per capita in the country with 42,000 Veterans. Furthermore, our riding has nearly 22,000 Veterans and Canadian Forces members. That is the highest in Nova Scotia! So it is incumbent upon me to learn more about Veterans issues. That is why in September I was proud to be appointed to the Parliamentary Standing Committee on Veterans Affairs. In order to better serve the Veterans and Canadian Forces members in the riding, I was pleased to host Veteran Speech

Nights at all five legions. It was a great opportunity to share our government's initiatives and, most importantly, receive questions and valuable feedback from our Veterans. I look forward to continuing my work on the committee and following up with the legions in order to provide answers to their excellent questions.

During my last constituency week I had the chance to speak with the students at Ocean View Elementary School and École du Carrefour. As a former educator I am always pleased to visit our schools and share the role of a Member of Parliament and to discuss the three levels of government. The students had excellent questions and I could have stayed all day to discuss government issues. Fortunately, I know that I will be back soon! If your school is interested in having me discuss politics and governance please contact my office.

I am excited to announce that our youth council had its first meeting last month. This year the Youth Council will be tasked with organizing a town hall for the riding of Sackville-Preston-Chezzetcook. Members of the youth council will bring forward a topic of federal jurisdiction that is of interest and

importance to them and their families for a town hall event. The purpose is to provide our youth a comprehensive learning experience in the democratic practices of community consultation and grass roots policy discussion. If you or someone you know is between 15-24 years old and interested in learning more about our riding, please contact our office – it's not too late to join!

Finally, I was delighted to announce another local recipient of the Canada 150 Fund through the Atlantic Canadian Opportunities Agency. For many years the Tallahassee Recreation Centre has been a place where the people of Eastern Passage come together. I was pleased to see the Tallahassee Recreation Centre receive \$110,000 in federal funding so that it may update and refurbish their facility. I am proud to see the recreation centre continue to provide programming and play the integral role that it does in the community of Eastern Passage.

I am looking forward to the month ahead and taking part in the tree lightings, craft fairs and other various holiday activities across our riding. I urge you all to find the time to think of those less fortunate during the holiday season and to

donate to any number of our local charities and food banks. Finally, from my family to yours, I wish everyone a joyous holiday season and a New Year filled with peace and happiness.

Sincerely, Darrell J. Samson, M.P.

As always, if you would like to hear more about the work I do both in Ottawa and in the riding, please tune in to 105.9 Seaside FM and 97.5 FM Community Radio in Sackville every Thursday for updates!

Bill's Blog

Dear Residents,

Radon Library Loan Program

I was very pleased to announce on behalf of Margaret Miller, the Minister of Natural Resources, Radon Awareness month.

I would like to thank the Lung Association for coordinating the important and innovative step forward in promoting radon awareness in our province. It is very important that people are aware of the potential risk of radon gas, the devices that are available to test for it, and the steps they can take to reduce the risk.

The library loan program of radon detection devices is one way to access radon testing in our province and we encourage people to take advantage of this new program.

It's free and simple to do; as easy as borrowing a book. The province is pleased, as a partner in this initiative, to be providing the funding. Our department is giving \$20 thousand dollars

to the Lung Association to support the cost of these radon testing devices and promotional materials to support the awareness of radon across the province.

Radon is a naturally occurring tasteless, odourless, and invisible gas that causes lung cancer. In confined spaces, it can get trapped, and become a health hazard.

Four years ago this month, DNR launched the province's online radon map to help identify areas with the highest potential risk of exposure. Since then, we've continued to promote its use and raise awareness about radon.

We recommend you visit the Department of Natural Resources website, <https://novascotia.ca/natr/>, and take a look at the radon map and make sure you arrange for radon testing and mitigation measures, if they are called for.

Testing for radon is important and there are several ways to do it. Inexpensive testing devices are available for purchase through the Lung

Association and from certain retailers. There are companies you can hire to do the testing for you. And now there are these free testing devices available at various public libraries across the province.

I would like to encourage everyone to take a simple

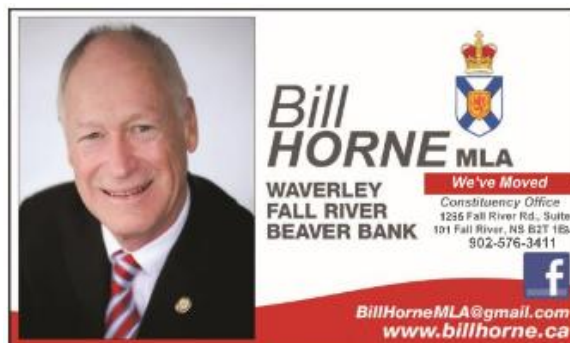

step toward ensuring your home has healthy air to breathe.

Office Hours in Beaver Bank

I am pleased to host constituency office hours in Beaver Bank at the Beaver Bank Kinsac Community Centre every second Monday between 1:00 – 3:00 p.m. Please drop by with any issues or concerns, or just stop by to chat. Please call our office 902-576-3411 to confirm the date. Please let me know if you require an

evening time to meet and we can set one up.

Have a very Merry Christmas and a Happy New Year!

2nd Beaver Bank Scouts U Cut tree lot

2nd Beaver Bank Scouting invites you and your family to find the perfect Christmas tree. Our U-cut Christmas tree farm provides a great family experience of cutting your own old fashioned, untrimmed, natural tree. We have trees of all shapes and size Cost: \$25 per tree

or \$23 with a food bank donation.

Dates: We will be open the first three weekends in December. Sat (9:00 am - 4:00 pm) and Sun (11:00 am - 4:00 pm).

Location: Beaver Bank Road (across from Majestic Avenue)

Check www.2ndbeaverbank.ca for further information. Remember we are only open for a few weekends each holiday season! Can't make it on the weekend but still want to find that perfect tree? We are pleased to announce that this year we will also be available by appointment by calling Matthew at [902-225-9295](tel:902-225-9295)

Beaver Bank ATV Club

**Have an ATV?? Don't know where to ride??
No one to ride with?
Join the club!!**

The Beaver Bank ATV Club is looking for you. We are a local ATVANS (ATV Association of NS) club here in Beaver Bank, we meet the second Wednesday of each month with the exception of July and August at the Lions Club located at 40 Sandy Lake Road.

Come on out and meet our members, share your knowledge and have fun. We typically have a fun run once a month, we do trail work, area improvements, keep up to date with ATVANS events, etc. Come out and hear about what's going on each month, find out about organized runs and any club events in the upcoming month. Being that it's December, it's a busy month outside of the club so we do not

currently have any events booked but you can also keep up to date on our public Facebook page just search Beaver Bank ATV Club and join the group for updates.

-Corey Osborne

My Memory of apples from Canada

The rumour went round my school that Canada, that far, far away country of ice and snow, was sending us a gift of apples. Apples what were they? We had never seen apples before, all our fruit trees had been bombed and flattened. The great day came, we assembled class by class, and saw immediately this huge great wooden crate, and through the slats the red shiny apples glistened. As we stood in a silent line we wondered would there be enough for us all? We paraded in front of our Head Master and were solemnly told that this was a wondrous gift from Canada as he handed us each two apples. Now, what to do with them? They seemed to smell nice, should we try a bite? No, better take them home to Mum and Dad they would know what to do. Of course our parents knew what they were. So the gifts were duly divided and enjoyed. Next day, we were asked where is Canada? That was hard, as we were still being taught British history, so everyone immediately had to find out as much as possible and present our work for inspection to our history/geography teacher. I did find out a lot of really interesting facts about this vast and lovely country,

especially the fact it wasn't really always covered in ice and snow, how could it be? when apples grow in Canada, peaches as well. As a school, we couldn't believe another country would take the time to care about us, still on rationing, it was totally amazing and something I have never forgotten, and never will. We have found out recently that Canada had been sending apples to the UK children since at least 1942. They must have sailed through all the wartime hazards, so that the ships that made the voyage intact could deliver these gifts to this war torn countries children. So before Scouts Canada decided to go on the Canadian Path, Canada, our beloved country, was way ahead of them on the Canadian Path helping to give this wonderful gift to children, whose parents never spoke about the war, they had lived through it, and so had most of us.. I have spoken to a number of people about this kindness, no-one has ever heard of it. Our Beaver colony in Beaver Bank, received 2 shiny red apples from me, as a small return gift. Thank you Canada. My heart may still be in Scotland, but Canada is my country. My cousin, is in the photo, the one with his back turned eating his apple!

- May Renfrew

The photograph above was taken about 1952. In the Hermitage School, Helensburgh, Scotland. Look at the faces! Canada's Gifts of Apples over the wartime years to every school child in the United Kingdom. Below: The Beaver Bank Scouts receiving apples - May Renfrew
